This document is marketing material. For Investors in Germany. Investors should read the KIID/PRIIPs document and prospectus prior to investing, and should refer to the prospectus for the funds full list of risks.

FUND OVERVIEW

The Fund seeks to track the performance of an index consisting of approximately 100 companies ranked based on their Diversity, Inclusion, People Development and News Controversies values.

KEY BENEFITS

- 1. Competitively priced and diversified access to companies that demonstrate high levels of Diversity, Inclusion and People Development, and low News Controversy.
- 2. Invest in next generation companies across developed and emerging markets, that have the potential to foster innovative environments leading to long-term growth.
- 3. Use to diversify a global equity portfolio and gain exposure to a long-term potential growth trend.

RISK INDICATOR

CAPITAL AT RISK: The value of investments and the income from them can fall as well as rise and are not guaranteed. Investors may not get back the amount originally invested.

KEY RISKS:

- Investment risk is concentrated in specific sectors, countries, currencies or companies. This means the Fund is more sensitive to any localised economic, market, political, sustainability-related or regulatory events.
- The value of equities and equity-related securities can be affected by daily stock market movements. Other influential factors include political, economic news, company earnings and significant corporate events.
- Counterparty Risk: The insolvency of any institutions providing services such as safekeeping of assets or acting as counterparty to derivatives or other instruments, may expose the Share Class to financial loss.
