Benchmark and corporate action information

The target benchmark in the investment objective has been changed from FTSE Gold Mines index to FTSE Gold Mines UCITS capped index on 14.03.2024. Benchmark names in this document may be abbreviated. Please refer to the funds' legal documents for the full benchmark name.

Benchmarks: (If applicable)

Some performance differences between the fund and the benchmark may arise because the fund performance is calculated at a different valuation point from the benchmark. The target benchmark has been selected because it is representative of the type of investments in which the fund is likely to invest, and it is, therefore, an appropriate target in relation to the return that the fund aims to provide. The investment manager invests on a discretionary basis and there are no restrictions on the extent to which the fund's portfolio and performance may deviate from the benchmark. The investment manager will invest in companies or sectors not included in the benchmark in order to take advantage of specific investment opportunities.
