Objective

The fund's goal is to achieve growth of the fund's value in the long term. The fund will invest in shares of small and very small US companies which are no larger than the largest company in the latest Russell 2000 Index.

About The Fund

The Fund is a sub-fund of Franklin Templeton Global Funds plc, an open-ended umbrella investment company constituted in Ireland. The Fund seeks to achieve long-term capital appreciation by investing at least 70% of its Net Asset Value in a diversified portfolio of equity securities issued by small- and micro-cap U.S. companies (stock market capitalisations not greater than that of the largest company (based on market capitalisation) in the Russell 2000 Index at the time of its most recent reconstitution). The Investment Manager attempts to take advantage of what it believes are opportunistic situations for undervalued securities.

Performance is net of fees and is calculated on a NAV to NAV basis (USD/AUD).

Performance for periods greater than one year is cumulative. Performance is based on reinvestment of any income and capital gains distribution derived from securities held in the Fund

Acc. = Accumulating share class. Net investment income accumulated daily into NAV.

Distr. (A) = Distributing share class. The share class aims to declare and pay dividend on an annual basis. Dividend amount or dividend rate is not guaranteed.

The Fund invests in companies with small market capitalisations. The risks associated with investments in small companies include less experienced management, limited product lines and financial resources, shorter operating histories, less publicly available information, reduced liquidity and increased share price volatility.

Benchmark: Russell 2000 Value Index. Prior to 17 May 2021, the benchmark was Russell 2000 Index.
